After the success of its first year, #Charity4U inspired a group of 8 people, with the same passion for swimming and sports, to participate in a relay swim across the English Channel on the 28th of August 2016, for a good cause. The team's goal to swim the English Channel while at the same time supporting children in need, is an adventurous challenge that everybody will try to accomplish with great honor and joy, and by giving their best physically and mentally.

CHARITY ORGANIZATION

ELEPAP-Rehabilitation for The Disabled, a rehabilitation centre with six branches throughout Greece and more than 77 years of history, supports the development of children with physical disabilities and developmental difficulties and provides support to their families.

A crucial factor in achieving their goals is the strong bond of trust and cooperation between the family members and the interdisciplinary scientific team.

We invite you to support our effort, so we can all give to children in need!
